

Spring 2026

**To the Cantando Festival percussion sections:**

Welcome to the Cosmopolitan Percussion Suite! We hope you enjoy your visit.

To protect our equipment and allow smooth switchovers between bands, please:

1. Do not place items on the timpani or mallet instruments.
2. Leave the equipment as you found it. If you move auxiliary percussion to a different stand, please put it back when you are done.
3. Be careful if you must move the vibraphone. The wheels don't work well and fall off if you lift it.
4. No food or drink in the percussion section, except for water bottles with lids.
5. There is no need to cover any equipment. We will handle all covers.
6. A garbage can by the backstage entrance is for your use.

**THANKS AND ENJOY YOUR REHEARSAL!**
